Terms & Conditions of Sale

TERMS: The terms are cash or check on sale day payable to Wisconsin Milking Shorthorn Breeders Association in US funds. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made.

BIDS: The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advanced bid and if no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. Every animal catalogued is pledged to absolute sale except that an animal, which has become sick or unfit to offer for the sale may be withdrawn by the seller or sale management. By-bidding by owner or on their behalf is prohibited unless disclosed upon entering the sale ring. Co-owners in animals consigned by partnerships or syndicates shall have the right to bid on such animals.

RISK: Animals are at purchaser's risk as soon as struck off, but will be cared for free of charge for a reasonable length of time after the sale. All semen sold shall immediately become the buyer's property and risk as soon as struck off.

HEALTH: Each animal shall be accompanied by an official health certificate approved by the livestock sanitary official of the state of origin and shall have fulfilled the requirements of the State Division of Animal Health in the state in which cattle are being sold. Every effort will be made, however, for the seller of each animal to have met the health requirements of all possible states of destination. Each animal so required will have passed a negative test for tuberculosis and Bangs within 30 days prior to the sale. While all cattle have met standard health requirements regarding TB, Bangs and anaplasmosis, it would be well for prospective bidders to familiarize themselves with local requirements, which may be stricter. Before shipping cattle into some states, it is necessary to obtain a permit from the livestock sanitary official of the state into which the cattle are to be shipped, and since no charge is usually made for a permit, it may expedite the shipping of the cattle if intended purchasers secure their permits before the sale. The result of any future health test is not guaranteed. Cattle have not been tested for Paratuberculosis (Johnes).

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced, such announcements to take precedence over the matter of print in this catalog. Neither the editors of the catalog, the sales management, nor the consignors can assume any responsibility for any errors or omissions in the catalog.

CERTIFICATES: Certificates of registration and transfer will be recorded by the seller and furnished to the purchaser when payment is made in full, free of charge. Each animal is recorded in the Herdbook of the Society.

PEDIGREE INFORMATION: All production, classification, type and production summary information is current. All records except records in progress are shown on a crude protein scale. Only records recognized by the Association as acceptable for pedigrees are used in pedigrees contained herein.

SHIPPING: Assistance will be given on loading and shipping animals, but no risk is assumed by the sale management or seller.

WARRANTIES: (1) The consignor guarantees right and title to property. (2) Unless otherwise noted in the catalog or announced from the auction stand, each animal is sold as sound. (3) Each animal is sold as a breeder subject to the following conditions: A. **Males** – should any bull after reaching the age of 16 months fail to prove a breeder after being used for four months on cows known to be breeders, the matter shall be reported in writing to the consignor who shall be allowed three months to prove the bull a breeder before refunding purchase price or making other settlement satisfactory to the buyer. B. **Females** – Any female pregnant when sold or that has freshened within 45 days of date of sale, shall be considered a breeder. Females bred when sold are pregnant to the best of the consignor's knowledge and belief, but this does not imply that pregnancy is guaranteed. Should any female, not pregnant when sold, after reaching the age of 18 months fail to become pregnant within four months after being bred to a bull known to be a breeder, and having been treated by a competent veterinarian, the matter shall be reported in writing to the consignor who shall then have the privilege of three months time in which to prove the animal a breeder before refunding the purchase price or making a settlement satisfactory to the buyer. The consignor makes no warranties that pregnant cows will deliver calves, nor that they will carry calves full term. (4) Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving. No guarantee is made concerning freedom from hardware unless so announced. (5) Above warranties cease when animal is disposed of by the original purchaser. (6) Transportation charges on any animal subject to adjustment shall be paid by the buyer.

RESPONSIBILITY: In submitting the entries and in selling the animals listed in this sale, the consignors subscribe to the various regulations and warranties as above set forth and assume full responsibility for his cattle. In no case, however, will the consignor be responsible for any damages beyond the selling price of the animal. The sale manager assumes no responsibility, acting only as an agent, but will endeavor to protect the interest of both buyer and seller.

ACCIDENTS: Neither the sale manager nor the owner will be in any way responsible for the condition of the grounds or the behavior of the animals beyond reasonable care and precaution and disclaim any liability in the event of personal accident or property loss.

ALL SALES FINAL: Having taken every reasonable precaution to fairly represent the health, breeding and physical condition of each animal, no further guarantee or retest privileges are given, and all sales shall be considered final.

PAYMENT: For buyers not in attendance, full payment is due within seven (7) business days. Any special terms must have prior approval by seller or sale management. Anyone buying for persons not in attendance will be held responsible for payment on cattle, semen, embryos, or equipment purchased.
